**Elementary Lessons-**Tuesdays and Wednesdays for elementary school students ages 6–11. They are designed so parents can bring all elementary aged children in their family at the same time to reduce the parent- taxi stress. Athletes will be grouped by age and ability. We will make sure all students feel safe and happy in their group. Athletes will learn the fundamentals of tennis while developing hand-eye coordination. Competitive games and drills are played as well. 30 players max per day

**Middle School / High School Lessons-** Middle and High School athletes will learn and increase their knowledge of proper strokes, footwork, and court positioning. Athletes will employ these skills in some competitive games and drills 30 players max per day

**Matchplay Ready! – For experienced players.**

This class is for athletes 10 and up who can:

- 1). Hit at least four live balls in bounds consecutively from anywhere on the court
- 2). Serve in the correct box with consistency
- 3). Respond well to constructive feedback and make positive adjustments to their game.

We will be spread out on all 6 courts, so it is imperative that the athlete can follow all directions when their instructor is viewing another court.

We will learn: how to do a 10-minute warm up for tournament play, regular and no-ad scoring, using score cards, tie-breakers, and pro-sets in singles and doubles. No tennis skills are taught because students must know them 12 players max per day

## **Registration Tips**

Each clinic costs \$100/player for 5 lessons

Everyone must register online. See page 1 for site address.

Only pay online if you are taking 1 class per player this session.

If your player is taking more than one class, please pay by check to ERC so you can receive your discount.

### **Discounts: ONLY AVAILABLE BY CHECK**

Multi- class: First class full price. Subtract \$25 from each extra class

Multi-player: First player full price. Subtract \$10 from each additional player per family

If these instructions are not followed, I am not able to provide a discount after the fact.
